متون زیر را به فارسی روان ترجمه کنید.

1. In the world of creation ,we are aware of many perfections ,which appear in the form of qualities. These are positive qualities which, wherever they appear, make the object of which they are the quality more perfect and increase its ontological value.
2. Of course, as scientific knowledge also confirms and the Quran states ,the life of human society in this world is not eternal and the development of man is not endless. As a result, the general principles governing the duties of man must stop at a particular stage.
3. Not only does the Quran challenge and invite people to compete with its eloquence and elegant language ,but also it occasionally invites rivalry from the point of view of its meaning and thus challenges all the mental powers of men and jinn.
4. Although a superficial view would regard death as the annihilation of man and see human life as consisting of only the few days that stand between birth and death ,Islam interprets death as the transfer of man from one stage of life to another.
5. In summary, we can say that the enemies of Islam who did everything possible to destroy it, when they lost all hope of achieving this end, where left with only one hope. They thought that since the protector of Islam was the prophet ,after his death Islam would be left without a guide.
